

MOHAWK MAGNETIC

Offered in a variety of face stocks and weights, Mohawk Magnetic products expand your marketing reach and can increase ROI. Products ship unmagnetized for ease of printing and can be easily charged post-print with a variety of magnetizing equipment.

- Unmagnetized for ease of printing
 - Polypropylene face stock is moisture and grease proof
 - Great for perforating, die cutting, and foil stamping
 - Magnets cannot be used for vehicles unless the high energy product is quoted
 - Matte and High Gloss Polypropylene have a limited outdoor life of six months to a year
 - For information on magnetizing these products, contact your Mohawk sales representative or call 1 800 the mill.
-

APPLICATION IDEAS

Mohawk Magnetic products are ideal for calendars, refrigerator magnets, signage, picture frames, save-the-dates, announcements and marketing collateral.

EQUIPMENT COMPATIBILITY

Call your Mohawk sales representative or visit mohawkconnects.com to download equipment compatibility information.

WARRANTY

One-year limited manufacturer's warranty on all magnetizers.

MAGNETIZER USE

Magnetizers emit high intensity magnetic fields that can damage electronic devices or other materials. Neither Mohawk nor the manufacturer assumes any liability for damages caused by improper use of a magnetizer.

MAGNETIZER INVENTORY

Magnetizer equipment is not stocked and are considered order driven items.

MAGNETIZING EQUIPMENT

DESCRIPTION	CODE NUMBER
-------------	----------------

HANDHELD SHEET MAGNETIZER

For any sheet size up to .030" thick.

12 x 6 inches, 5 lbs., 16 poles per inch

HNDMG

INDUSTRIAL DESKTOP MAGNETIZER UNIT 13 INCHES

Medium duty motorized unit for sheets up to 13" wide by .060" thick.

Approximately 150 feet or 98 sheets per minute.*

12 x 18.5 x 8.625 inches, 52 lbs., 16 poles per inch

SMWMG

*Productivity estimate based upon 13 x 19 or 12 x 18 sheets fed

with minimal gap between sheets

INDUSTRIAL DESKTOP MAGNETIZER UNIT 19 INCHES

Medium duty motorized unit for sheets up to 19" wide by .060" thick.

Approximately 150 feet or 98 sheets per minute.*

12 x 24.5 x 8.625 inches, 62 lbs., 16 poles per inch

MDWMG

*Productivity estimate based upon 13 x 19 or 12 x 18 sheets fed

with minimal gap between sheets

INDUSTRIAL DESKTOP MAGNETIZER UNIT 26 INCHES

Medium duty motorized unit for sheets up to 26" wide by .060" thick.

Approximately 150 feet or 98 sheets per minute.*

12 x 31.5 x 8.625 inches, 74 lbs., 16 poles per inch

LGWMG

*Productivity estimate based upon 13 x 19 or 12 x 18 sheets fed

with minimal gap between sheets
